Optiver 

Industry talk: How to become a Trader

17 October 2023, 6pm GMT+8, Virtual

Hey there,

Looking to kickstart your career in trading? Join Optiver's upcoming event to discover how you can break into the industry, without any prior knowledge or experience.

Join **Dr. Adrian Dudek**, Optiver's Head of Academic Partnerships, on **Tuesday 17 October** in a virtual industry talk, as he delves into the exciting world of options trading. In this session, you'll:

- Explore how your analytical skills could kickstart your career in trading
- Gain tips for success in securing a role at Optiver
- Discover Optiver's incredible culture and perks, learning and development opportunities, career prospects, and more

[Optiver](#) is a global, tech-driven trading firm. With close to 2,000 employees in offices around the world, the firm is united in its commitment to improve global financial markets, making them more transparent and efficient for all participants.

No previous experience in trading or financial markets? You bring the passion and Optiver will provide you with the insights to kickstart your career.

[Register now](#)

Become a master of trading, whatever your major

Applications are open for **Optiver's 2024 internship and graduate opportunities**, and we're looking for the brightest students to join our industry-leading trading team.

No matter what team you join, your career at Optiver begins with comprehensive training. As a new trading recruit, you'll have the exclusive opportunity to complete your training in Amsterdam, alongside your global peers.

Don't miss out! Apply now to secure your future with Optiver.
